## **Greengate Overview**

Greengate LLC is an independent financial advisory services firm based in Washington, DC.

Our clients include developers and sponsors, governmental and commercial financing institutions, public-sector / state-owned enterprises and institutional investors.

We provide a comprehensive range of services associated with the development, structuring, evaluation and execution of large debt financings for energy projects and major infrastructure assets around the globe, including the developed and emerging markets.

Greengate's team has an extensive and successful track record across a range of sectors including: power (conventional power, renewable energy, nuclear energy), oil and gas, LNG, pipelines, petrochemicals, coal gasification, metals and mining, satellites, transportation and related.

We support clients throughout the financing process, including: early stage project development, commercial and financial structuring, financing plan formulation, term sheet negotiations, final documentation and closing and post-closing activities.

We also provide programmatic support to assist governmental clients in developing and implementing lending programs.

Greengate provides a range of services in connection with project and structured finance transactions:

- Due diligence
- Rigorous quantitative risk analysis
- Business plan evaluation
- Financial modeling and analysis
- Valuation
- Debt capacity analysis
- Negotiation of financial structure and financing documents
- Closing support
- Portfolio transactions and restructuring advice

Greengate provides a range of services in connection with restructurings:

- Provide commercial structuring advice
- Perform financial analysis and modeling
- Perform debt restructuring analysis
- Conduct valuation analysis
- Perform credit analysis
- Provide negotiation support
- Advise on intercreditor arrangements
- Provide legal related support (e.g., expert witness testimony)
